

Jack Goh Pin Kai

Mobile Phone: 9234 8444

Email: jackgoh133@gmail.com

Professional Summary

Computer Science undergraduate specialising in real-time interactive simulation, graphics programming, and software development. Experienced in C++, OpenGL, Java, C#, Python, and web technologies, with project experience in game engine development, ECS architecture, rendering systems, and interactive applications.

Key Skills

Core Strengths

- Team Collaboration
- Problem-solving
- Fast learner
- Client communication
- Leadership

Programming: C++, C#, Java, Python, PHP, SQL, HTML

Graphics/Game Development: OpenGL, GLSL, ImGui, ECS, JSON Serialization

Tools: Git, Visual Studio, Microsoft Office, Adobe Photoshop, Illustrator, Premiere Pro

Other: Computer Networking, PowerApps, Assembly

Communication Skills

- English: Written and Spoken
- Mandarin: Written and Spoken
- Japanese: Written and Spoken
- Spanish: Spoken (Elementary)
- Malay: Spoken (Elementary)

Education Summary

Singapore Institute of Technology & DigiPen Institute of Technology

Bachelor of Science with Honours in Computer Science in Real-Time Interactive Simulation

Nanyang Polytechnic

Diploma in Multimedia & Infocomm Technology

Siglap Secondary School

GCE “O” Levels

Co-Curricular Activities & Awards

DigiPen Institute of Technology

Overseas Immersion Programme (OIP)

- Studied in Europe-Bilbao campus in Spain for one trimester
- Interacted with European professors and mentors while experiencing life in a different culture with overseas peers

Nanyang Polytechnic (NYP)

Chinese Cultural Club (Committee)

- Muse Event Booth Helper
- Calligraphy Showcase

FLCD Event

- Cue Personnel
- FLCD Committee
- Backstage helper
- Booth Helper

Hamamatsu 2019 Exchange Event

- Student Exchange Helper
- Student Exchange Communicator

Edusave Good Progress Award

- Issued by Ministry of Education (MOE)
- Students who are within the top 10% of their institution's level and course in terms of improvement in academic performance and have demonstrated good conduct.

Projects

NYP Mobile Events Manager Application

2019 – 2019

Software Developer

- Design an event management system where users can view, host and register for events through an application for my final year project.

Pulse Protocol

2025 – 2026

Graphics Programmer

- Custom C++ / OpenGL 2D game engine project
- Developed graphics-related systems for a custom C++ OpenGL engine.
- Worked with ECS architecture, rendering pipeline, editor tools, textures, fonts, animation, and UI integration.
- Used tools such as C++, OpenGL, ImGui, GLSL, JSON serialization, and Git.
- Collaborated with a team to build and polish a playable game/editor workflow.

Work Experience

Sakura System Services

2022 - 2023

Systems Engineer

- Developed web solutions based on client requirements and available resources.
- Providing clients with IT solutions and meeting their specifications requirements
- Maintaining web application systems for companies that use our IT solution services

Singapore Armed Forces

2020 – 2022

Military Specialist

- Responded to emergencies with speed, efficiency and knowledgeable assistance
- Determined necessity and type of additional resources and change of approach and techniques
- Executed reasoned and efficient decision-making to foster troop discipline and unity
- Demonstrated leadership by guiding and supporting assigned personnel.
- Lead by example

Sopra Steria

2019 – 2019

Android Programmer

- Fulfill the requests made by client
- Produced presentations for internal and customer-facing needs
- Collaborated with a professional team to solve the client the project workflow issues

- Built rapport with clients to facilitate trusting relationships and provide setting conducive to growth

Licenses & Certifications

AI Singapore

Issued Jun 2025

AI4I – Literacy in AI

Credential ID 83957AC035-7F119FDAFC-156A3145B
